

## Southwest Indiana Collaboration

### Mark Your Calendars!

The Indiana Transportation Team of the Vincennes District met on August 21, 2019 at the University of Southern Indiana where we dove deeper into the topic of Communications. We discussed what communication should look like on a project in the Vincennes District from beginning to end. We identified the barriers that keep us from the ideal communication plan and discussed how scalable communications can be.

We invite you to attend a follow up meeting on December 6, 2019. During this event we will share statewide efforts taking place. We will also have multiple workshops to discuss lessons learned, best practices, and collaboration milestones from the inception of a project to the completion of construction. We believe that our focus on partnering will improve the Q&A processes as well as the feedback loop amongst all three organizations. We'll ask for commitment from all as we move forward to improve.

We hope to see you there!

University of Southern Indiana  
8600 University Blvd  
Evansville, Indiana 47712  
Carter Hall, located in University Center West, 2nd Floor

Registration 9:00 am CT  
Meeting 9:30 am – 12:30 pm CT
