Summary of Developments & Deliverables (3-5 bullet points):

- The SW ITT Season Kick-off Collaboration was held on 4/14/2023 at the University of Southern Indiana. With over 150 registrants, it was our largest event to-date. The day included a statewide perspective by Lyndsay Quist; an update on the SW ITT Young Professionals Group; breakout rotations to solicit input on the year's deliverables (Utilities Short-term, Utilities Long-term, and Materials Forecasting); and plenty of time for networking. Sub-committees will be digesting the day's input to further refine deliverables.
- The third session of the ITT Young Professionals Development Program (5/17/2023) will feature the Evansville Metropolitan Planning Organization. Lunch to be sponsored.
- Our next sport outing will be in the fall/winter with the Evansville Thunderbolts. More to come!
